Office of Senior Surgeon, Mysore Govt.

Dated, Bangalore, 4 - 2 - 1915.

Med 111-14-1

From

Rao Bahadur T. V. Arumugum Mudaliar, Esq., M. B., C. M.,
Senior Surgeon with the Government of
H. H. the Maharaja of Mysore, Bangalore.

To

D.M. Narasinga Rao, Esquire, B.A., B.L.,
Offg. Secretary to the Government of
H. H. the Maharaja of Mysore,
Gen. & Rev. Deptts Bangalore.

Sir,

J. Adverting to para 12 of Government Order No. 2930-Med. 212-13-5 dated 1-10-1914, requesting me to ascertain and report the reason for the omission on the part of the District Medical Officers of Mysore, Hassan, & Kadur, to inspect certain dispensaries in their respective districts, I have the honor to state as follows,-

2. Mysore District. Of the 24 dispensaries in the district, only the marginally noted 7 were inspected. Assistant Surgeon Mr. Mahomed Usmon was in charge of the District during the year, with the exception of the period from 13th March 1913 to 8th October 1913, when that officer had to be on deputation with H.H the Yuvaraja in Europe. During the latter period, Mr. C. Rajaram Rao was in charge. Mr. Usmon explains that he had taken charge of the district only towards the end of December 1912, that he had to be away from March till October 1913, that he had to be on special duty from 8th to 25th November 1913 at the Karapur Camp and that he inspected only 4 dispensaries in December 1913- (he are actually inspected 6 dispensaries - 3 of which in the Mysore City itself.) Mr. Rajaram Rao explains that during

Subject.

Reporting the reason for omission on the part of certain District Medical Officers to inspect certain dispensaries in their respective districts.

during the period he was in charge of the Mysore District he could not afford to leave the Head Quarters on account of the unusually large number of under-trials connected with the Kannegal riot case confined in the Mysore Jail- among whom sickness prevailed. These under-trials were under remand in the Mysore Jail from 22nd January 1913 to about the 15th September 13, and the explanation no doubt sounds plausible, but it is not convincing. It seems to me likely that the importance of the duty of inspecting the dispensaries according to a carefully drawn up programme was not realised by either of the officers. It is not, otherwise, possible to conceive why both the officers should not have made it convenient to inspect even the Nazarbad and some other dispensaries within easy reach.

3. Hassan District. Of the 14 dispensaries in this district, the marginally noted 4 were uninspected. Mr. S.G. Asirvatham explains that the dispensaries at Alur and Hole Narsipur were inspected by him on 15-9-13 & 14-12-1913 respectively. The inspection reports have not been received in this office, and Mr. Asirvatham after a search in his office "TO REGISTER", reports that he could not come across any reference as to the despatch of the inspection reports. He does not say whether he drew up any reports at all- He further says that he left the inspection of the Yeslurpet and the Female Dispensary, Hassan, to his reliever Mr. C. Rajaram Rao when he went on privilege leave on 16-12-13. Mr. Rajaram Rao says that he was not aware that he had to inspect the dispensaries during the short period he was in charge, at the close of the year. When questioned whether Mr. Rajaram Rao had been particularly informed of the fact that two institutions had to be inspected, Mr. Asirvatham in his letter No. 894 dated 24-12-14 (copy enclosed) says that a special request to that effect had been made to him. Mr. Raja ram Rao on the contrary says in his letter dated 16-1-1915 (copy enclosed) that he does not remember if any such special request had been made to him, but that no official note was left in the matter.

Alur
Hole Narsipur
Yeslurpet
Female Dispy.
Hassan.

4. Kadur District- Mr. G.S. David who was in charge of this district, reported in his letter No. 1184 dated 23-10-14 that he had inspected every one of the 9 dispensaries and sent up all the inspection reports to this office in 2 separate covers on 29-12-13 from Camp Kadur. On further enquiry he reported the dates on which he had inspected 8 of the dispensaries in question, as noted in the margin, and this has been found to be true on verification by a reference to the remarks of inspection noted by him in the registers of the several institutions. It is also ascertained that he visited Kalasa on the 13th August 1913 and after local enquiries submitted a report on certain allegations made against the Sub Assistant Surgeon of the place. In his final reply No. 1890 dated 17-1-1915 (copy enclosed) Mr. David says that he had handed over the covers containing the inspection reports, while in camp at Kadur, to the dispensary cooly for posting. The latter is not able to remember at this distance of time whether any such cover was or was not handed over to him by the District Medical Officer. Again- in as much as the inspection of 5 of the dispensaries was done in November 1913, Mr. David was not justified in delaying the submission of the reports till the 29th December 1914, contrary to the directions contained in this office circular No. 2817-25 dated 10-12-1909, according to which the reports have to be submitted to the Senior Surgeon's office within 7 days from the date of inspection. These reports are written up by the officers themselves on printed forms and Mr. David's excuse that he had no competent Clerk to help him cannot be accepted.

Sollebile - 23-11-13
Hariharpur - 24-11-13 & 25-11-13
Sringeri - 26-11-13
Yedahalli - 27-11-13
Koppa - 28-11-13
Mudigere - 22-12-13
Sacrepatna - 23-12-13
Female Dispy. Chickmagalur - 26-12-13

5. To sum up- Mr. David did inspect all the dispensaries in his district, but he was negligent in not having promptly drawn up his inspection reports and submitted them to this office.

Mr. Asirvatham left 2 dispensaries uninspected, one of which was in the Hassan town itself. He was also careless in not having sent his reports of inspection of the Alur and

. Hole-

Hole Narsipur dispensaries to this office.

Mr. Mahomed Usmon, during the 4 months & 20 days he was in charge of the district, inspected only 7 dispensaries - three of which were in the Mysore City itself. During the first two months of the year he inspected only one dispensary, viz,- that at French Rocks, and there is no satisfactory explanation as to why he could not have done more.

Mr. Rajaram Rao did no inspection work either during the period of nearly 8 months when he was in charge of the Mysore District, or during the 15 days he was in charge of the Hassan District. His explanation that sickness in the Mysore Jail prevented him from doing any inspection work while in charge of the Mysore District and that he did not remember that a request had been made to him to inspect 2 dispensaries in the Hassan District, is unsatisfactory and cannot be accepted.

I have the honor to be,

Sir,

Your most obedient servant,

Senior Surgeon.

Ex: mis 111-14-1 9

Letter dated 16-1-1915 from Assistant Surgeon Mr. C Rajaram Rao, d.d. General Hospital, Mysore, to the Senior Surgeon, Mysore Government.

With reference to your No. 3652 dated 15-1-1915, I have the honor to inform that as already reported in my letter dated 3-12-1914 I was not aware that I had to inspect the dispensaries during the few days I was in charge of the Hassan District, at the close of the year 1913. I regret I do not remember if Mr. S.G. Asirvatham had made any special request to me on the subject. Further, if he had left any official note for my guidance I would certainly have inspected the dispensaries.

Senior Surgeon.

Ex. med 111-14-1 10

Letter No. 1890 dated 17-1-1915 from Assistant Surgeon Mr. G.S. David, to the Senior Surgeon, Mysore Government.

With reference to your office No. 3653 dated 15-1-15 I have the honor to state,-

(1) I handed over two covers containing the inspection reports to the Surgery Cooly of the Kadur Local Fund Dispensary to be posted,

(2) that I cannot positively state whether he posted them or not-

(3) When I was at Chickamagalur on the 14th of Decr. 1914 on Court duty, I learnt that the inspection reports were not entered in the register there-

(4) that these reports were not entered in the register for want of time (as the reports were already overdue) and as the inspection notes were with me, I thought of getting them entered later on-

(5) that these inspection notes are still with me and copies of inspection reports will be submitted if required

(6) that I inspected the Female Dispensary at Chickamagalur on 26-12-1914.

(7) In conclusion, I beg to state that realising the seriousness of not doing the inspection of dispensaries, I took the trouble of inspecting them-

(8) that in spite of my taking so much of pains and finishing this all-important work, circumstances have so turned out not only to nullify the result of all my anxious care and troubles but also to create some uneasiness of mind in me on a matter, the importance of which, as already stated, did not fail to receive my attention.

(9) that had I only one competent hand in the hospital during the period of my inspection all these could have been avoided.

Senior Surgeon.

Re: med III- 14-1 //

Letter No. 894 dated 24th December 1914 from Assistant Surgeon Mr. S.G. Asirvatham, District Med. & Sany. Officer, Hassan, to the Senior Surgeon, Mysore Government.

With reference to your No. 3236 dated the 22nd Instant, I have the honor to state that not only was the fact of these two dispensaries not having been inspected brought to the particular notice of Mr. C.Rajaram Rao, but a special request was also made by me to him to have the inspections of these institutions completed before the close of the calendar year 1913.
